Is there a “spirited” child in your life? Is the child more perceptive, intense, sensitive, persistent, energetic or expressive?

If so, you may have a “spirited” child. Join us for this **2-hour workshop** that will help you to better understand the role temperament plays in shaping personality; identify strengths and challenges of each temperament; and learn strategies to help you to better anticipate how the child will react so you can respond more effectively. Through this interactive workshop, you will ensure your “spirited” child will thrive!

Register by November 22, 2022  
(Space is limited—when class capacity is reached, registration will close.)

Priority for workshops is given to child care professionals needing Registry Credit. **Parents/grandparents can participate at no cost**, but must register in advance. If you require special accommodations, please notify when registering. *Workshop is for adults (no child care provided).*

If the workshop is changed to a virtual format, the participant must have Zoom audio and visual capability to participate. Discussions will take place during the workshop.
