WHY YOUTH IN GOVERNANCE?

Youth leadership development is critical in building civic capacity and long-term community sustainability in Racine County. Programs that teach useful skills and build the self-confidence of young people ensure capable, effective leaders for the next generation. In addition, recent national trends including an increase in youth civic service and a new emphasis on civic education in schools indicate a growing need for leadership training to ensure young people are prepared to participate in political and civic life.

Racine County and Racine County government value the youth of our community. In response to the lack of leadership opportunities for Racine County youth, the Racine County Board of Supervisors developed and continue to support the Youth in Governance program.

PURPOSE

The purpose of the Youth in Governance program is to create a model of youth empowerment within Racine County, through direct participation in local government. The overall goal is to bring the youth voice to community issues and concerns while fostering the development of confident, independent, and motivated youth leaders. Youth participating in Youth in Governance will be selected to sit on each of the following five Racine County Board Committees:

- **Economic Development and Land Use Planning** – Oversight of all matters relating to economic development, zoning, soil and land conservation, planning, lake shore protections, industrial development, real estate descriptions, surveying, solid waste, sanitation, air monitoring, code administration, and land information officer, housing authority, economic development, environment, and primary workforce development.
- **Finance and Human Resources** – Oversight of matters related to finance, taxes, insurance, tax titles, licenses, equalization, claims, purchasing, bonds, personnel, employee benefits, veterans, finance director, information systems, county clerk, human resources, civil service, corporation counsel, county treasurer, and any other related items.
- **Government Services** – Shall have referred to it matters related to changes in rules or ordinances associated with the constitutional offices and their departments (clerk of courts, county treasurer, register of deeds, county clerk, sheriff, district attorney), and with all matters related to circuit courts, the criminal justice system, the circuit court judges of the county, dispatch, the jail, alternatives to incarceration/rehabilitation, water patrol, the public defender, the medical examiner, emergency management, the family court commissioner, the judicial court commissioners, probate court, traffic safety, jail diversion, Youth in Governance, and other issues related to the legal system and public safety.
- **Health and Human Development** – Addresses all matters related to the delivery of human services including public assistance, the detention of juveniles, nursing care, nursing home care or chronically mentally ill persons in need of care, county health commission, county health officer, women's commission, child support, family support advisory committee, veteran's service, community action agency, housing authority, long term support planning committee, commission on aging, and prevention and workforce development (secondary).
- **Public Works, Parks, and Facilities** – Oversees matters related to parks, recreations, highways, roads, dams, museums, county fairs, harbor/marina development, all grounds maintenance and existing buildings, new construction, and engineering.
